

## Home Improvement Loans and Grants

Minneapolis Neighborhoodgood organizations invest NRP funds within the community through home improvement and home ownership programs. Loan and grant terms vary by neighborhood. All programs are reviewed by Neighborhood Community Relations staff prior to their adoption.

Programs are administered by three primary lenders, who also offer a variety of other home improvement and homeownership programs. For additional details, contact the program lender or your neighborhood organization - [www.minneapolis.gov/ncr/links](http://www.minneapolis.gov/ncr/links).
